PLEASE READ THIS DOCUMENT FOR INFORMATION REGARDING COURSE REGISTRATIONS.

The deadlines for course registrations remain consistent from year to year, and are as follows:

Session	Deadline
Fall Session (September to December)	June 1 st
Winter Session (January to April)	October 1 st
Spring Session (May to August)	February 1 st

All program and Non Program students must register and pay for courses online*. You will be able to register online during the four week period prior each to registration deadline, until midnight MST of the deadline date.

* The only exception to registering online is if your payment is made by a third party (sponsor, WDA, etc.), by money order, or by cheque. However, the deadline for registration/payment will still apply.

NOTE: Technical support from Computing Services Help Desk is not available on Saturdays or Sundays. After the deadline, you will no longer be able to register online. Ensure that you complete the registration process well in advance of this deadline to avoid potential last minute issues.

NO FAXED COURSE REGISTRATIONS: Faxed course registrations WILL NOT be accepted. Program and Non Program students are expected to register online. However, if payment is being made by cheque, money order, or a sponsor, then you need to submit both the course registration form (available at <http://fhd.athabascau.ca/resources/forms/> and payment by mail. Cheques and money orders will be processed as they are received. If you are submitting documents by mail, ensure that the course registration form and payment / sponsor documentation are received in our Centre for Nursing and Health Studies office by the deadline. Registration will not be accepted unless payment / sponsor documentation is received. Late registrations will not be accepted. Telephone confirmation will not be provided for course registrations.

ON-LINE COURSE REGISTRATION: You can access the "Office of the Registrar Online Services" registration site by clicking on the Course Registration link provided at http://calendar.athabascau.ca/grad/current/health_02_05.php under the heading **Course Registration Procedures**. Please remember to use the Login button on the **left** side of the screen only (not through the "Login to My AU" link at the top of the page). Online registration is activated during the four-week period before the above noted registration deadlines. Registration must be completed and fees received by the University by the deadline.

LOGGING IN TO OFFICE OF THE REGISTRAR ONLINE SERVICES SITE: When you access the Office of the Registrar On-line Services site, you will see a "Welcome" page. To access the online registration system, log in (using the Login button on the **left** side of the screen) with your AU Student ID number as your User ID, and your Password.

Access to courses will require the same password as Students would use to access the "Welcome" page. If you are unable to log in, you may select the link to "Reset Your Password". There is also a link available with additional information - "Help for Students". You may also contact the Computing Services HelpDesk directly. If you contact our office, expect that you will be directed to contact Computing Services because we do not have the expertise to deal with technical issues.

CONTACT INFORMATION: After you have logged in, verify that your mailing address, email address (very important), and phone numbers are correct on your personalized "Welcome" page. Your course materials will be shipped to the address contained in your student record at time of registration. If any of the information is incorrect, then use the "View/Modify Personal Info" button on the left side of the screen to make any corrections. If you want to include two email addresses, separate them with a comma. When you select the "Submit" button, the changes are immediately updated in the AU record. Use this link at any time during the year to update your record when your contact information changes.

COURSE REGISTRATION: Each student will be responsible for his/her own registration. Note that some courses in your menu may not be applicable to your program. It is your responsibility to select the appropriate course(s). Before registering, ensure that you are eligible to register in the course(s) you have selected. Do not register in a course if you have not met the prerequisite or professor approval (if applicable) requirements by the deadline. If you register in a course that you are not eligible for, then your registration will be cancelled and your tuition will be refunded. Our office will not change or transfer registrations cancelled due to ineligibility. You will have to register again prior to the deadline. Therefore, review program requirements very carefully before finalizing your registration online. If you receive any messages regarding being placed in a queue, or on a wait list for materials, simply indicate yes and continue on with your online registration.
